Incendios Forestales

**Firefighting
Open Innovation Lab**

The **CILIFO** project, funded by the Interreg POCTEP program (2014-2020), through its **Firefighting Open Innovation Lab**, supports the initiatives of entrepreneurs and companies in preventing and fighting forest fires. It also contributes to climate change mitigation and adaptation.

The **CILIFO Firefighting Open Innovation Lab** offers:

- A **workspace** in the CILIFO Centre in Seville/Huelva (Spain).

- The possibility of **testing** innovative technologies in a real environment through pilot tests.

- Mentoring and support to develop an innovative idea in a **European project**.

- Support on the **search for international partners** for the replication and exploitation of results.

- **Legal advice** for start-ups in the field of legislation and the fight against legal barriers.
